# A BRIEF ABOUT MULTIVISION

Multivision Interiors as a reputable Interior design company Dubai is totally focussed on its objectives and makes sure to provide you solutions that blend imagination and reality perfectly. We strive for your success and guarantee to give you the best office fit out services in Dubai at cost effective rates. Check out the services we as a quality corporate interior design company in Dubai can offer you.

# INTERIOR DESIGN TRENDS OF TODAY!

Your office needs to be as comfortable as your home, even more so as you are likely to spend the best part of the day there. True, harmonious colors and spacing play an important part with almost every Interior design company Dubai swearing by their services that may or may not be pleasing to the eye. It makes sense to opt for the global trends therefore and Multivision Interiors, Dubai is doing exactly that.

It is time to take a closer look at what Multivision Interiors, the highly respected corporate interior design company in Dubai, is going to provide you with this time round.

1. The concept of congested cubicles with limited space is passé now and offices all over the world have been rooting for more elbow room for ages. Well, this made the office interior design companies in Dubai go to the other extreme i.e. experiment with big open spaces that can accommodate a complete section without any confining walls. Sadly, this idea was not a great hit either as many of the workers started complaining about the level of noise in close proximity coupled with a stress filled environment. Well, Multivision Interiors is now planning to deliver **expansive office spaces that contain isolated small enclosed areas for privacy**. This will incorporate the best of both worlds feel the top interior design companies in Dubai.

2. Every company of substance has a niche carved out for it. The workers are definitely apprised about the practice and principle of the company they work for. However, **incorporating the values of the organization** and letting the employees feel a part of the organization, is important. The most effective way is to design the office with motifs, images, and artwork or technical forms related to the core business of the company. A commercial interior design company in Dubai such as Multivision Interiors is focused on this idea and hopes to contribute greatly in strengthening the bond of the workers with their company.

3. With technology playing an active role in every office, it makes sense to incorporate **Integrated technology** and reap its advantages. Multivision Interiors is determined to maximize the reach of technology without sacrificing the aesthetics of the office area at all.

4. **Go green** is a common motto of individuals today. Multivision Interiors does not stand apart either. Working in a serene environment that is lush with trees and flowering plants is definitely desirable say the workers. It is time to make the employees happy and productive by providing them with a literally green working environment. The best office interior design companies in Dubai endorse this idea wholeheartedly.

## MANAGEMENT

# MANAGEMENT

Managing the entire project with the help of your able team is indeed a pleasure. We gauge the situation right at the onset and begin by space planning in earnest. Procuring various articles from varied sources happens to be our forte too and handling a number of suppliers simultaneously by selecting only the best of the lot is one of our key skills as one of the top office interior design companies in Dubai. We also prepare an extensive schedule and stick to it diligently while coordinating with every member of the team as well as the crew both on site and away from it. Our expertise lies in our eye for detail. We do not waver in the least while we continue with the tasks in hand meticulously and never fail to keep you updated about each and every aspect. Our responsibility ends with your office interiors standing out like the brightest jewel in Dubai.

FLOOR SOLUTIONS

FLOOR SOLUTIONS

## FLOOR SOLUTIONS

We promise not to let our reputation down as the best commercial interior design company in Dubai by finding the right flooring solutions for you. From hardwood to vinyl and different kinds of composite floors along with a ceramic or marble finish there is no dearth of materials when you are hoping to choose the best material for your spectacular flooring. We, at Multivision Interiors will not only help you to browse through a wide range of colours, patterns, and designs but will also keep you apprised of the durability and upkeep of it.

## CEILING WORKS

# CEILING WORKS

From the top to the bottom is our motto at Multivision Interiors and we are determined to focus on your ceilings once we are done with the flooring. Forget about the plain and high ceiling works that are completely passe. This is where you can opt for a drastic change in your vision by going in for an aesthetic appeal in your ceilings too. We can definitely help you in achieving a high dramatic effect courtesy a stark black N white ceiling. We will also help your office interiors to acquire an ultra modern look thanks to the special acoustic floating or a suspended ceiling.

## CUSTOM-MADE INTERIOR EMBELLISHMENTS

A classy office is not a cluttered one is what we believe at Multivision Interiors. However, it does not hurt to add a few embellishments that highlight your brand in a big way. A customized adornment is not confined to a few embossed pen stands or a rug with your logo on it. The office embellishments include built in cabinets and work spaces along with decorated doors that come together enticingly to present you as a cool and professional business person who believes in personalizing the office interiors in a very special manner. Do not hesitate to give us a call, if you are determined to go the whole hog with arches and edges along with unique textures and hardware that reveal your inner vision and speak volumes about your work.
